REPRESENTATIVE MATTERS AND CASES

Mr. Ma has extensive experience acting as lead counsel in complex domestic and cross-border transactions. He regularly advises leading corporations and investors on navigating regulatory challenges, structuring strategic investments, and executing industry consolidation initiatives. Known for his commercial insight and disciplined execution, he has guided numerous landmark deals involving multi-jurisdictional restructurings, control transfers of listed companies, and high-value investment projects.

As lead counsel, Mr. Ma has advised on:

- UBTECH Robotics (9880.HK) in its RMB 1.665 billion acquisition of control of Fenglong Electric (002931.SZ), a transaction of major significance under Hong Kong Stock Exchange rules.
- TCL CSOT in its RMB 13.703 billion acquisition of LG Display's core LCD business in China.
- Mindray Medical (300760.SZ) in its RMB 6.65 billion acquisition of Hybribio Medical (688617.SH)—the first "cash A-share to A-share" control transfer on the STAR Market and the largest domestic medical device M&A transaction to date.
- Luxshare Precision (002475.SZ) in its RMB 1.652 billion acquisition of Qorvo's semiconductor packaging and testing line, coupled with a long-term strategic cooperation agreement.
- A Greater Bay Area semiconductor equipment manufacturer on all strategic financings since inception, with cumulative fundraising exceeding RMB 20 billion.
- TCL business units on the global restructuring of Maxeon Solar Technologies, spanning over 30 jurisdictions and involving multiple acquisitions and divestitures.
- TCL Technology (000100.SZ) and TCL CSOT in their USD 1.1 billion acquisition of Samsung Display's LCD business in China, RMB 2.45 billion acquisition of Suzhou CSOT equity, and joint venture with San'an Optoelectronics (600703.SH) for Micro-LED R&D.
- Shenzhen Major Industrial Investment Group in its participation in the restructuring of Founder Group, including acquisition of controlling equity in Founder Microelectronics and subsequent full acquisition of minority stakes from Toshiba and management.
- AAC Technologies (02018.HK) in acquisitions in automotive electronics and semiconductors.

- BTR New Material (835185) in RMB 750 million strategic equity financing, followed by a RMB 1.672 billion public offering on the Beijing Stock Exchange, recognized as New Fortune Magazine's Capital Markets Project of the Year.
- Nayuki Holdings (02150.HK) in its RMB 500 million strategic acquisition of Lelecha, and USD 100 million Series C financing led by PAG.
- Peak Sports Technology in RMB 1.5 billion strategic equity financing led by China Resources Capital.

Beyond these landmark transactions, Mr. Ma frequently serves as lead counsel to private equity investors in diverse equity investment projects and has built a distinguished track record in capital markets, advising issuers and investment banks on securities offerings both domestically and internationally.
