### PRACTICE AREAS

SHERMAN'S PRACTICE FOCUSES ON DATA PRIVACY AND CYBERSECURITY COMPLIANCE.

### OTHER INFORMATION

#### Professional Background

- Sherman has rich experience in cyber incident response, government investigation response and cross-border data transfer.
- Before joining Fangda, Sherman was VP & Senior Counsel of a renowned international hotel group. Sherman's notable projects include:
  - o Handled a number of high-profile data and cybersecurity incidents that involve data security, content security, government enforcement & investigation and crisis management
  - o Advised internal clients on data localization and cross-border data transfer
  - o Formulate and adjust data compliance programs in response to changes in cybersecurity laws and regulations
  - o Set up data compliance governance, including preparing and implementing compliance playbooks and policies in cybersecurity

In his seven years at the group, Sherman also managed legal matters of the Group's digital partners, loyalty program and digital channels for China. He handled legal matters related to third party risk management, digital marketing, cloud computing, app security design life cycle (SDLC), e-commerce, data security and data analytics.

- Before moving in-house, Sherman had worked nine years as an associate at a US-based international law firm at its Shanghai and New York offices, with exposure to banking, pharmaceutical, biotech and e-commerce platform businesses.
