

FANGDA PARTNERS
方達律師事務所

Life Sciences and Healthcare

The Preeminent China-based International Law Firm

Founded in 1993 and one of the most prestigious law firms in the region, Fangda Partners has nearly 800 lawyers. We serve a wide variety of major clients – including large MNCs, global financial institutions, leading Chinese enterprises and fast-growing Hi-tech companies – on an extensive range of commercial matters through our network offices in Beijing, Guangzhou, Hong Kong, Nanjing, Shanghai, Shenzhen and Singapore, offering PRC law and Hong Kong law.

We are the firm of choice for clients' most challenging transactions and legal issues in many practice areas. Since we were founded, we have advised on some of the largest and most complex corporate and finance transactions in China, the region and globally. We have also assisted our clients with many renowned and complex cases and arbitrations, compliance and government investigations in the region.

Our service to clients is premised on the dual foundations of strong local law capabilities and a global business outlook. Our lawyers are qualified in many jurisdictions, including the People's Republic of China, Hong Kong SAR, England and Wales, the United States, Singapore and Australia.

Our understanding of the laws and processes in major jurisdictions around the world enables us to advise our clients effectively on the largest and most complicated cross-border matters in China and elsewhere. Our strengths have been widely recognized by our clients and peers. Chambers has commented on our cross-border capabilities in the following terms – "outstanding quality of its lawyers", "high level of service that is comparable to international firms", and "strong global outlook".

Fangda is a well-known full-service firm advising both international and local clients on the healthcare industry. Its clients include high-profile pharmaceutical and biotech companies, private equity firms and blue-chip medical device companies. Leveraging the firm's wider expertise, the team is well experienced in handling IP, M&A, capital markets and regulatory compliance as well as government investigation and enforcement matters.

Our Life Sciences and Healthcare Practice

Focused service team

We are one of the few law firms in China that has a dedicated team in the pharmaceutical, biotechnology and healthcare sector. We provide the full range of business legal services to pharma, biotechnology and healthcare businesses. Some of our team members have worked for leading pharmaceutical and medical device companies and regulatory authorities. We combine legal expertise with keen commercial understanding to enable our clients to achieve their business objectives with the minimum of fuss.

Extensive range of experience

Our life sciences and healthcare practice provides a wide range of services. Our past experience in the industry covers mergers and acquisitions, product-driven transactions, foreign direct investment, investments by private equity funds and venture capital, domestic and overseas capital markets, compliance, in-license and out-license, commercial bribery, data protection, vertical and horizontal monopoly arrangements, IP enforcement and regulatory advice. We have specialist expertise in advising on complicated commercial transactions with a high degree of regulatory impact (such as those involving drugs and medical devices), where extensive industry savvy and a combination of expertise in different disciplines is required, in addition to routine deal execution skills.

The respected life sciences and healthcare team at Fangda Partners has a strong track record in a variety of transactions and contentious issues.

— **Chambers Greater China 2025**

"In addition to in-depth understanding of the biopharmaceutical industry and keen insight into the current status of the industry, they also provide a variety of services, including compliance, antitrust, litigation, real estate, etc., which is relatively comprehensive."

— **Client comments,
The Legal 500 2025**

Diversified clientele

Our clients range from large and medium-sized multinational pharmaceutical companies, research-based pharmaceutical companies, medical device companies, distributors, contract sales organizations, contract research organizations, and industry associations to private equity funds and venture capital businesses. We advise companies headquartered in the U.S., Europe, China and across Asia.

Our lawyers have deep knowledge of the sector, enabling us to advise on the full range of legal issues that arise from our clients' businesses. This includes in-depth understanding of research and development, clinical trials, manufacturing/contract manufacturing services, and distribution/retail/logistics of pharmaceutical products and medical devices, as well as the establishment, operation and management of hospitals, personal clinics and innovative healthcare service platforms.

One legal solution across multiple practices

As the life sciences and healthcare sector faces increased complexity and challenges, all businesses – from start-ups (even in the very early stage of inception of business) to multinational companies - require in-depth legal assistance across the full range of practices. As a first-class, fully integrated, full services law firm, we are able to offer just such a comprehensive service, and are set up in such a way to offer clients a seamless service across offices and practice areas. We provide integrated teams drawn from different legal disciplines to cover every angle of a deal. We recognize the importance of identifying early the key legal issues and planning a strategy to ensure the most effective management of any transaction on which we are retained. One team, one solution is our well-developed method of working.

Mergers and Acquisitions & Direct Investment

Fangda is the undisputed leader among law firms advising on mergers and acquisitions in China. Our lawyers have paved the way in developing the legal practice in this field. We have helped many clients successfully execute their critical mergers and acquisitions. We are also the market leader in foreign direct investment and domestic and overseas capital markets transactions. Among other transactions, we have advised on Sino-foreign joint ventures, business restructuring and takeovers of listed companies. Our experience spans many sectors, including pharmaceutical, biotech, medical devices, contract research organization, physical inspection and disease screening, wellness management and medical services.

Market-leading IP, life sciences collaborations and licensing, data privacy, regulatory, credit finance, antitrust & competition, employment and tax practices to support all types of transactions.

"We have instructed them on multiple deals, they have a deep understanding of the pharmaceutical and life sciences industry, and are really familiar with all the processes."

**——Client comments,
Chambers Greater China 2025**

Capital Markets

Fangda is widely recognized as being a leading capital markets practice in China and Hong Kong. We have longstanding experience advising clients on A-share listings on the SSE and SZSE, as well as on IPOs on the HKEX and other overseas exchanges. We represent issuers, underwriters and sponsors in IPOs both as PRC and Hong Kong counsel. We have particular expertise in the healthcare sector.

As PRC counsel, we advised on the largest A-share IPO projects in 2018 and pioneered the privatization of companies for A-share IPOs. We have also advised on the privatization of more than 20 U.S.-listed companies. We are fully familiar with the employee stock ownership plans (ESOPs) of U.S.-listed companies and other compliance practices.

As Hong Kong counsel, our team also has extensive experience in HKEX IPO projects. We have been singled out by the HKEX for the quality of the prospectuses that we have drafted. We have developed a close business partnerships with the institutional decision makers, bankers and investors in Hong Kong, which enables us to deliver real insight into capital markets transactions of size and complexity. We have advised on many Chapter 18A listings of biotech companies on the Hong Kong Stock Exchange.

Fangda Partners is a solid corporate practice with extensive experience in overseas equity and debt offerings, including IPOs and H-share convertible issuance. It is known for advising on listings in the USA, Singapore and Hong Kong. The team is equipped to handle corporate bonds, perpetual bonds and panda bonds issuances.

--Chambers Greater China 2025

Represented TPG Capital on its acquisition of a majority stake in OPC, a leading clinical trial group across Asia.

Regulatory Advisory

We advise a wide range of healthcare companies on general operational and regulatory issues, including advising on compliance and dealing with regulatory authorities such as the National Medical Products Administration. Among other issues on which we have expertise, we can advise clients on:

Market entry

- Legal vetting of innovative business models under existing regulatory environment
- Market approval system of drugs or medical devices, and related arrangements
- Restrictions on foreign investment in China and appropriate structuring for foreign capital

R&D/Clinical trials

- Contracts and associated legal documents relating to R&D and clinical trials
- Patient recruitment, engagement with investigator, disputes arising from death or injury, and other legal issues associated with participating in trials
- Compliance requirements (data protection, HGR administration, anti-bribery) relating to clinical trials
- Issues associated with real world evidence (RWE) trials

Product Promotion Activities

- Compliance issues in product promotion, such as advertising of medicine products and marketing
- Conduct of medical representatives
- Distribution models and cooperation with distributors, pharmacies and contract sales organizations
- Bidding and tendering requirements, group purchases and procurement

Patient-centric Transformations

- Regulatory issues in interaction with patients, patient advocacy groups and NGOs
- Program design and regulatory compliance review of various types of patient support programs
- Implementation of PAPs, PSPs and other patient assistance programs.
- Cooperation with online hospital and other types of digital transformation programs
- Innovative payment plan

"Their proficiency is evident in their strategic approach to cross-border legal challenges and their adept handling of regulatory and compliance issues that directly impact our business."

—— **Client comments,
Chambers Greater China 2025**

Compliance and Investigation

Fangda is renowned for the full spectrum of expertise offered by our team in compliance and investigation matters. Our team comprises former law enforcement officials, judges, and in-house counsels, as well as compliance lawyers who are from both international and local law firms and qualified to practice in the PRC, the U.S., the U.K. and Hong Kong. We have particular experience of advising on Foreign Corrupt Practices Act (FCPA) issues and anti-commercial bribery in China.

Compliance

We advise clients on:

- compliance policies and programs, as well as providing training (such as issues involving anti-corruption, data privacy and network security)
- due diligence (such as due diligence in connection with third parties and on target companies)
- internal investigations (including internal investigations triggered by government investigations, whistleblowing reports or internal audits)
- how to respond to government investigations (including investigations by authorities such as the Administration for Industry and Commerce (AIC))
- criminal proceedings (such as criminal investigations or litigation against the company)
- compliance-related dispute resolution (such as administrative investigations and litigation, labor disputes or non-compliance by employees)

Government investigations

We represented a leading life science company in various contentious matters, including the dissolution of a joint venture, termination of distribution agreements on anti-corruption grounds, and recovering educational grants.

Internal investigations

We have represented several leading life science companies in investigations of potential violations of the FCPA, Chinese commercial bribery laws, accounting fraud and employment issues and other alleged breaches of laws and compliance policies.

Compliance programs and advisory

We have advised many multinational pharmaceutical and medical equipment companies on regulatory reviews relating to administrative investigations of unfair competition and commercial bribery by the SMAR.

Data privacy and network security

We have advised many domestic and foreign companies on legal issues associated with data privacy protection and network security, including on state secrets. We have developed widely recognized protocols that assist clients to navigate a highly complex area. We are at the forefront of research and development of legal policies in this field, engaging with the relevant governmental and regulatory authorities, including SIO, MIIT, MPS, MOF, CSRC, MSS and SAAC.

Intellectual Property

Fangda provides a full range of intellectual property services. We are renowned for our superior knowledge of IP law and assisting our clients to identify, protect, and enhance the value of their intellectual property portfolios through effective strategies in China and beyond. We have extensive experience in IP management and regulatory matters, negotiating cross-border IP transactions, and handling complex IP arbitrations and litigations. We are the preferred choice of intellectual property counsel for many leading healthcare companies, including Novartis, Astellas Pharma, Watson Pharmaceuticals, and others.

Represented **Astellas Pharma** in a number of civil and administrative actions against infringing competitors.

Represented **Watson Pharmaceuticals** in connection with its processing technology-related patent dispute with Eli Lilly, resulting in a final judgment in Watson Pharmaceutical's favor rendered by the Supreme People's Court of China.

Represented **APBI Holding** in administrative litigation against Patent Reexamination Board of SIPO for the validity of its drug patent.

Represented **Aonuo Pharmaceuticals** in a retrial before the Supreme Court in an invention patent infringement case brought by Hubei Wushi Pharmaceuticals.

Represented **Novartis International** in patent disputes against generic companies.

Represented **Pacific Biosciences** in a patent infringement lawsuit involving 3rd generation DNA sequencing technology.

Represented **Pfizer** in a patent review matter concerning anti-tumor compounds before the Beijing Intellectual Property Court

Antitrust and Competition

Fangda is one of the few Chinese law firms with a dedicated antitrust team, and we have one of the largest and most experienced competition teams in China. Our lawyers have deep and unique insight into the PRC and Hong Kong antitrust laws and regulations. Clients come to us for trusted advice on complex and risky antitrust matters. They benefit from our deep understanding of the Chinese regulatory environment and from our engagement with China's competition authorities.

Our team has a market-leading track record of successfully assisting clients on some of the most high-profile merger filings and antitrust investigations in China.

- On merger controls, we advised on 12 of the 22 remedy cases cleared by SAMR (MOFCOM) from 2016 to 2020.
- On antitrust investigations, we have advised clients on more than 30 cases involving cartels, abuses of market dominance and vertical restraints, many of which have been high-profile representative cases.
- On antitrust litigation, we have defended many multinational companies in subsequent civil damages actions and high-profile cases involving abuse of market dominance.

Merger Control

- **Danaher** on its US\$21 billion acquisition of GE Healthcare Life Sciences' Biopharma Business.
- **Becton, Dickinson and Company** on its US\$24 billion merger with C.R. Bard.
- **Merck** in the PRC merger filing in connection with its US\$17 billion acquisition of Sigma-Aldrich, one of the largest global deals in the biotech industry.
- **St. Jude Medical** in the PRC merger filing in connection with its acquisition by Abbott Laboratories for US\$25 billion.
- **Canon** in the PRC merger filing in connection with its RMB38.3 billion acquisition of Toshiba Medical.
- **Novartis** in the PRC merger filing in connection with its establishment of three global joint ventures with GlaxoSmithKline with a total value of US\$20 billion, one of the largest global deals in the pharmaceutical industry.

Antitrust Investigations

- **Medtronic** in an antitrust investigation, the first and so far largest antitrust investigation by the NDRC in the medical device sector.
- **A global leading pharmaceutical company** in an antitrust investigation by Zhejiang AMR.
- **A multinational medical devices company** in an antitrust investigation by Beijing AMR.
- **A multinational medical equipment company** in an antitrust investigation by antitrust enforcement agency
- **A multinational pharmaceutical company** in a NDRC investigation.
- **Toshiba Medical** in connection with the first "gun-jumping" investigation by MOFCOM.

We also regularly advise multinational companies on compliance issues relating to business activities, ranging from providing advice on business contracts (such as innovative sales models after implementation of two-invoice system, territory restrictions or exclusivity requirements) to conducting a full-scale internal review of the corporation on competition law compliance and providing compliance training.
